

# DEKS™ WASHERS

*Metal Roof Washers*

*Polycarbonate Roof Washers*

*Cyclonic Roof Washers*

*Special Purpose Washers*

# DEKS™ WASHERS

DEKS Industries was established in 1947. Each and every year its reputation for quality, service and innovation grows.

Headquartered in Melbourne Australia with offices in the United Kingdom and the United states of America.

DEKS Industries lives by the mantra “Innovative, Better, Faster” applying these principles to everything we do. When you purchase a DEKS product you can be assured you’re buying the best there is.

## *Key features:*

*Suitable for harsh environments.*

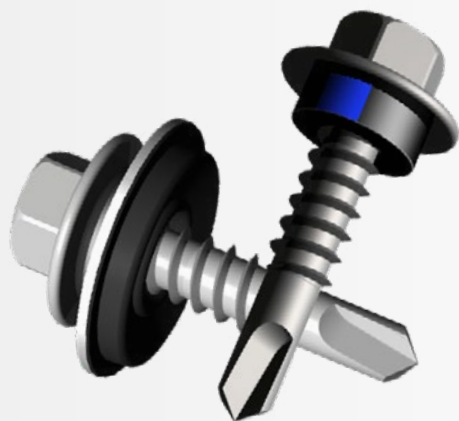

*Industrial quality.*

*UV rated.*

*Environmentally friendly.*

# Metal Roof Washers – TrueBlue™

## High Quality EPDM

**Perfect for automated assembly lines**  
Minimise down time

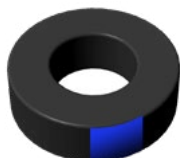

**UV and Ozone resistant**  
Maximum life span in harsh environments

**Non-conductive**  
Low carbon prevents corrosion problems

DEKS washers are identifiable and traceable.

# Superior Metal Roof Washers - Dekbond™

High Quality EPDM

## Extreme Bonding

High quality bond between rubber and metal

## Paintable

Metal backed and easy to paint

Black

### Fastener Gauge: #10

Outside Diameter mm	MOQ (Pallet Qty.) in '000	Qty. (20ft Container) in '000	Part Number
12	1,680	33,600	DB-G12-B10-A

# High Performance Metal Roof Washers – Multiseal™

## High Quality EPDM (Aluminium Backing)

### A metal face for extra strength

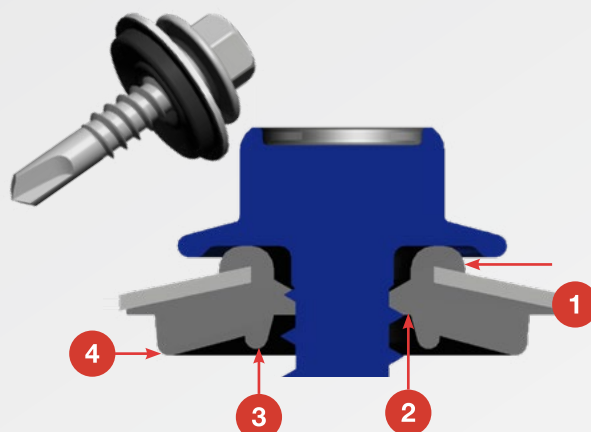

EPDM encapsulated a metal support for greater strength

### Engineered load distribution

Designed to minimize distortion

### Corrosion resistant

Aluminium backed washers for ultimate corrosion resistance

### Four sealing points for extra protection

Each Dekfast® washer is designed to seal in 4 locations. This seals both the roof and the fastener to provide ultimate security.

## Polycarbonate Roof Washers

Specially formulated thermo plastic elastomer  
for maximum UV resistance

### **Engineered for precision**

*Consistent fit, consistent performance*

### **Seals tight – Watertight**

*Efficient sealing between fastener and surface everytime*

Grey

#### **Fastener Gauge: #12**

35	160	3,040	DE-S35-B14-A

**All DEKS™ washers are non-conductive.**

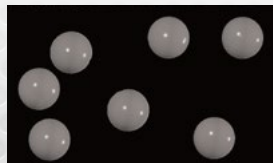

## Conductivity – why is it important?

Non Conductivity

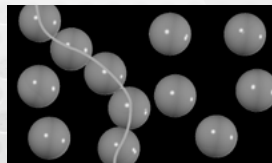

Very low levels of carbon block inhibit performance.

Threshold Conductivity

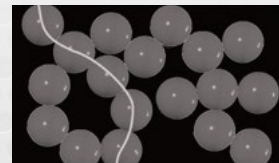

Just enough to be non-conductive with excellent performance.

Low Conductivity

A little too much creates an electrical pathway.

High Conductivity

High density poses a corrosion risk.
